28) I am afraid the D.C. is making unnecessary references to Govt in this matter and unduly delaying its disposal.

29) This matter has been examined by Govt. more than once and definite and considered decisions communicated to the Deputy Comr. He should take them as final and give effect to them. Unless of course there has been a change of local conditions since the G.O. was passed. In the present case there has been one such alteration Viz the taking up by the Mysore Bank of Mr. Chandre Gowda's house. This makes it necessary for Govt to find some other place for locating the Munsiffs Court. The following arrangements are suggested:

I do not see the object of selling the site to Rev. Taxeira and putting up another building at the Mission RB 12/4/28

I agree

(1) Special Magte's Court to be shifted to the Dt Office as already ordered [This order was based upon the D.C.'s inspection]

(2) Munsiffs' Court to be held in the present Sp. Magte's Court.

(3) Dt. Forest Officer to be given the building now occupied by the Ranger (with some slight ~~modifications~~ alterations if necessary

(4) Ranger to be given a house rent free for the present and to be provided with a Quarter as early as possible.

the intended street is to pass through the Church compound. That the new street should thus divide the church compound will any how, cause serious inconvenience to us; yet if that is required for the public good, I cannot in all fairness object to it. But I fear that the place selected for the new street may be such, that the interests of the Church, of the Catholic community and of the public at large may have to suffer.

Here is why: for the erection of the above said school building and residence of the mistress, we are in absolute want of a certain extent of land. If the intended street should divide the church compound in such way that the absolutely required extent of land should be no more available, what will be the fate of the newly opened girl school? On the one hand, it had to vacate the building which it occupies at present, as this building is going to be acquired by the Government; if on the other hand no sufficient ground be left in our compound for its accommodation, the only course left to

With the personal knowledge which I have of Chickmaglur, it seems to me that it would be a very simple matter to open the projected street in such way, that our interests may not suffer any detriment, whilst the interests of the Government may be fully served. I should be very thankful, if you had the kindness to see that no action is taken in this matter before I have had the pleasure of seing you, and giving you in person further information there on. From,

The representatives of the R. C. Community of the Kadur District.

Ml 139-27-9D. 11300

Honoured Sir,

A Convent School has been a long-felt want of the Roman Catholic Community, and sought for over and over again, as evidenced by the address presented in 1923 to his Lordship Mgr. M. Despatures, D.D., Bishop of Mysore, and urged again for his consideration, in April 1927. (Vide copies of addresses annexed). Thereupon His Lordship suggested to the Nuns of St. Joseph's Convent, Cleveland Town, Bangalore, to open at Chikmagalur, in addition to their other branches, at Coonoor, Mercara, and Kolar, a similar branch.

The Nuns consequently visited Chikmagalur, and being satisfied with the place decided in July 1927, prior to any definite order of Land Acquisition for the Hospital. (Vide Govt. Gazette dated 13-10-1927.) to open here a branch of their Convent School and set up the Primary Department, which was in course of time to be developed into the Middle School, and Industrial Section, etc., for girls of all castes and creeds without distinction. For immediate acommodation, it was understood between the Nuns, and the Laity, that temporarily they would be provided with lodging and the School somewhere.

At our request Mr. L. M. G. Vas, offered to place his house (Municipal No. 893) at the disposal of the Nuns. They were further assured of a donation of Rs.10,000/- to be subscribed for, in order to erect suitable buildings. In the meanwhile the Nuns obtained permission from their Mother House, in France, and we received a set of five Nuns, who arrived here in January 1928, and opened the Primary Department, which has now a strength of 100, children.

The Roman Catholic Community entertained hopes of the Govt. being good enough to regrant the site of the Special Magistrate's Court, which was once given in ~~1900~~ 1894, but was refused in 1904, contrary to the terms of the grant of ~~1900~~ 1894, (Copy of resolution annexed) by the Local Municipal Authorites, when it was granted for the Convent School.

This Community therefore looks with great anxiety on the effect of Land Acquisition proceedings, with regard to the Convent School. Mr. Vas's house being the only available one for the purpose, has been temporarily occupied by the Nuns with their school in it. The Community finds it painful to give up the idea of the Convent School at this stage, as it would seriously injure the prospects of the children, and lower the prestige of a highly respectable Planting Community, which pays heavy assessment to Govt.

Further the Community has reason to deeply regret the decision of the Govt. to introduce a road through the small Church Compound, heterto intact for no less than three quarters of a century. If the Convent would be deprived of the site once granted, it will necessarily come to pass that the Convent School, and the house of the Nuns would have to be located in the Church Compound at the expense of much inconvenience to the Church. In such a small compound there is practically no room for all necessary establishments, such as Boarding house, Orphanage, etc., besides play grounds that generally form part of a Convent Institution, and especially for the erection of a decent Library, Dramatic Hall etc.

The small parcel of the Church Compound, which has been so long one single unit, with all its seclusion and quietude, required by the Church and the Congregation, will suffer much by being torn into divisions when a road is introduced in the middle of the Compound, and this unexpected step would be felt by the Community more than words can say, because the existence of the road may eventually invite heavy traffic, which is sure to disturb the religious ceremonies going on in the Church, and also wound the susceptibilities of thepeople, and spoil their arrangements for public functions

In view of what has been stated above, the R. C. Community prays that the Nuns may be allowed to reside, and hold their school in Mr. Vas's house for a reasonable period of time, till they make arrangements for their own building on a suitable site. The Community would very earnestly request that the proposed road through the premises of the Church Compound may be given up. Under circumstances herein stated it therefore appears that there is no alternative, but to grant the premises of the Court of the Special Magistrate for the Convent School. If this is done the Community is prepared to offer a reasonable price in view of the intellectual progress of the Community, as well as the education of the Children of all castes and creeds in the Malnad area.

The Community hereby prays that before the Nuns are forced by circumstances to evacuate the present premises, they may be put in possession of the proposed Special Magistrate's Court building, as they would be in an awkward position to continue their work.

In conclusion the R. C. Community anticipates a favourable reply from the Govt., for which kindness the Community will ever feel greatful, and requests that an early reply may be given to the under-signed, C. D'Souza, Esq. B.A., L.L.B., Law Chambers, Chikmagalur.

We beg to remain,

Honoured Sir,

Bishop of Mysore.

May it please your Lordship,

We, the parish priest and the parishioners of Chikmagalur, accord to your Lordship with sentiments of loyalty and affection, a very warm welcome to our parish on the occasion of your Lordship's first pastoral visit and greet you with hearty congratulations on the great honour conferred by the Holy See on you as Bishop of Mysore.

It has been our privilege to have you as a parish priest in this Diocese for a full quarter of a century during which time your Lordship has moved most cordially among all classes of people of various castes and creeds and your sterling qualities have very warmly endeared you to and won the golden opinion of all. We feel highly gratified and justly proud that this high honour has been bestowed on one to whom this beloved parish was the first field of work in the Lord's vineyard in this far-East. We assure your Lordship that we do quite remember with love and gratitude the several blessings spiritual as well as temporal we freely enjoyed during your curacy in our parish for three years, especially during the first outbreak of plague.

We regret that our parish is not so very flourishing as others in the Diocese, due mostly to the unfavourable climatic and other conditions incidental to the malnad tracts; but we are ever hopeful that we shall also attain a place of success through the blessings of Almighty God, our constant and strenuous efforts in our undertakings together with the high facilities afforded us by the benign Government of His Highness the Maharaja of Mysore.

With a view to the spread of the Catholic religion and to more fully and effectually stabilize it in the malnad, we humbly desire to draw your attention to our immediate wants and solicit your gracious help. The first and foremost need is the rebuilding of the Church. Your Lordship is fully aware of the sorry condition of our present building which has now lived a life of about sixty years. To contain the outgrown Catholic population it is considerably small, nay, it is not on a par with the other Churches of this Diocese. The parishioners have come forward to offer substantive help towards the erection of a new edifice and Father Texeira by his popularity and personal exertions has secured help from several non-Catholic sympathisers also. We beg to represent that as our present resources are but meagre, the burden of erection would practically rest on the Mission-funds.

Our next urgent need is the institution of a Catholic School in which to impart to the children an education on the lines of Catholic principles together with the necessary Elementary education. We need not state at length on this point as your Lordship is quite aware of the need and the great good of a Catholic school. In this town there is a decent school-going Catholic population at present.

In conclusion we implore the Almighty's blessings on your Lordship to grant you the health strength and grace to administer the Diocese in a long and peaceful career and request your Lordship will be pleased to accept the silver casket as a souvenir of the CHIKMAGALUR Parish.

We beg to remain,

Your Lordship's devoted children,

CHICKMAGALUR.

Sir,

I am directed to return herewith the petition addressed to the Dewan through you about opening a road through the Roman Catholic Church Compound, in connection with the New General Hospital at Chickmagalur. I am to request you to be so good as to state what the facts of the case are and favour Government with your opinion in the matter.

The petition may kindly be returned with your reply.

I have the honor to be,
Sir,
Your most obedient servant,

Draft

For General Secretary to Govt.

Petition dated the 2nd December 1927 from Rev. W.M.Texeira Catholic Priest addressed to the Dewan of Mysore.

I understand recently a set of provincial officers who visited Chikmagalur on the matter of plans of the Cundrei Gouda new General Hospital have decided to block a part of the Sandal -koti Road owing to the hospital and to open a road through Mr. L.M.G.Vas and Roman Catholic Church compounds. I understand the necessity arises as a means of communication to the Special --- Magistrate Court-- I learn that plans are being prepared to this effect.

I am the local Catholic pirest in charge of the Roman Catholic Church at Chikmagalur under the Bishop of Mysore. Mgr. M.Despatures D.D, and for the purpose of this petition I voice on behalf of the Roman Catholic people numbering about 1500 consistig of Europenas, Anglo Indians and Indians. My grounds of objection are as follows:---

Firstly, there is no real need. There are convenienct accessesto the Court from all parts of the town. Apparently, by blocking the Sandalkoti Road, the people of the main road seem to be brought to disadvantage but not really, as the hospital road would be open for foot-men during the day when the court works. It will be blocked for Carriage and Car traffic for which there are suitable accesses by other existing roads. The common practices of people in this little town is to walk up a short distance as it is.

Secondly, the proposed Road does not meet any junction of roads but the Prabu Street at a middle point, rendering a cheqered line of travelling through the Prabu Street which is too narrow for heavy carriages or car traffic and is presently well bounded by permanent masonry structures of buildings of houses and compound walls disabling widening under the present circumstances, of the town and for several years more to come.

Thirdly,

46

Thirdly, it will do much harm to the interests of Catholics if a considerably small compound of the church on one side of the chapel is split by a road passing thorugh. It may render both parcels of compound on one side good for no use, and the plot is reserved for various kinds of developments required for the interest and welfare of the catholic community, by providing parish school orphanage, home for industries, club and library which will spring up in proportion to the advance and progress of the town.

Fourthly, a road too close uponthe church will be a matter of deep regret as it will disturb the religious atmosphere where serenity and calmness are essential to a place of prayer and worship.

I should have represented in person to the party these grievances, which I regret I was not able having been on circuit at the time.

In conclusion, I beg to state that the road through the church compound be not constructed for which act of kindness, His Lordship the Bishop, Catholic Public and myself will be e v e r grateful,

Sir,

With reference to your letter No. G.7644/Med.Enc.1, dated 6th January 1928 about the opening of a road through the Roman Catholic Church compound here, in connection with the New General Hospital, I have the honour to state as follows :-

2. The Committee which met at Chickmagalur on 22nd October 1927 in pursuance of the instructions in General Secretary's letter No. C.5 dated 12th October 1927 to consider the question of the location of the Medical buildings have stated in their joint report to Government " The road AB (Sandal Koti road) in plan A will be closed as a public road and form a connecting road with the various structures in the Hospital Compound. A gate at A forms the main entrance East. At the Western end another gate is proposed which will form the direct entrance to the Opthalmic Wards. Another road BC is proposed and the junction at B to be improved."

3. This proposed road BC adverted to by the Committee in their report and shown in the site plan forwarded therewith to Government will cut through the Church Compound. This will not however interfere with the Church in any way and will cut the Compound into 2 more or less equal halves on one of which will be the Church and on the other of which the petitioners are proposing putting up a Hostel for Girls and quarters for the

To

Dear Sir,

In connection with the layout of the Hospital Block at Chickmagalur a question arose (1) laying a road through the compound of the Roman Catholic Church. This road is very necessary so as to afford a direct communication to the Midan and the Hospitals as otherwise the people of the whole of the area would have to go round either by the Mudigere road or by the main road passing the Post-office. both of which roads are dangerous to women and children on account of the very heavy traffic. The Roman Catholic Authorities do not like to have their compound cut into, But I have made it very clear to them that this road is of vital necessity and has to be cut. It was also further proposed (2) that that piece of land, marked in green, cut off from their main block would be acquired for building the Forest Officer's Lodge. The priest in charge of the Church represented, however, that even if the block is cut off from the main area, the ground was absolutely necessary for building their hostels etc. and that in addition they require ground for building a school. In this connection, I believe, they have already been representing to the Government for acquiring the Magistrate's Court. I consider their requirements reasonable and in consideration that their school work is of public utility, I would propose that the area occupied by the Court, marked in red, may be given to them if satisfactory arrangements for the acquisition of the building itself can be made. In order to avoid acquiring ground marked in green, I have shown the position for the proposed Forest Officer's Quarters on a site now occupied by the

With reference to your letter No. G. 10674/ Med.170-26-49 dated 17th March 1928 re: the opening of a road in the Church compound here, I have the honor to state that the Rev.Taxeira had seen me to-day. He said he had consulted the Bishop, that the latter did not wish to stand in the way of a work of public utility as the proposed road, but that he wanted to know in what way they were going to be indemnified for the serious inconvenience and trouble they would be put to by the road and what terms the Government had to offer . On this, I told him that all that Government proposed to do was to acquire that portion of the compound which was required for the road under the usual rules of the Land Acquisition Regulation, and pay him the compensation that might be awarded therefor by the Land Acquisition Officer; but that if he demurred to his case being treated as one falling under the usual rules and wanted to obtain any special concessional terms, it was up to him to propose such terms for the consideration of Government and not vice-versa. On this, he said that he was not an independent Agent, that this view of the matter required further consideration with the Bishop and that he would see me again after writing to the Bishop and ascertaining his views. I will report the result as soon as I hear from the Rev. Taxeira again. As regards the consulting

SIR,

In continuation of my letter No. A.2-4226-26 dated 31st March 1928, I have the honor to state that the Rev. Fr. Saxeira saw this morning and gave the enclosed petition addressed to the Dewan. In this connection, I have to state that the Mysore Bank have taken up on lease Mr. Chandre Gowda's building where the Munsiff's Court is at present located and so the Munsiff's Court will have to be shifted therefrom at a very early date. There is no other building available for rent and suited for Court purposes, and the only alternative is to shift the Munsiff's Court to the Taluk Cutcherry displacing the Taluk Police Office therefrom. This last office may be located in a small rented building for the present, but this arrangement, I am afraid, cannot be continued permanently for the reason that the Munsiff's Court in the Taluk Cutcherry will be separated from the other courts and offices and the Treasury by a long distance and the Lawyers and the litigant public may protest strongly against it. Government have in their letter No. C. 42/ Med. 110-26 dated 20-6-1927 addressed to the Chief Engineer of Mysore, ordered the construction of a new building for the Munsiff's Court, but this order has, for some reason, not yet been given effect to. Government have also in their order No. A. 1172-8/ Jud. 170-26-5 dated 22nd/23rd August 1927 [illegible]

Chikmagalur.

Respected Sir,

The Deputy Commissioner of Kadur Dist. spoke to me once on the 21st. February and again on the 20th, March, that the Government desired to run a road through the church compound to facilitate the people to attend the new hospital that will be erected soon by the side of Deputy Commissioner's quarters and that a wall would be put up on both sides of the proposed new road so as to maintain the privacy of the church on one side and of the nuns quarters and boarding house on the other and he wanted my opinion on that point.

First of all I must mention that the road is not at all very necessary since the facing of the General Hospital will be on the Town Hall side and generally people enter the hospital by the main gate and not by a rear gate, and the existing roads are quite enough for the general public of Chikmagalur to the approach of the main gate of the new hospital.

Secondly the Government must consider the religious feeling of a community small though it is, and it is not fair to run a road through the public institutions of a community and thereby cause them serious moral ----- grievance. To meet the special needs of the people and of the Mangalore Community, the Bishop of Mysore was requested last April to ask the religious of St.Joseph to open a school in Chikmagalur. Consequently the nuns of St. Joseph's Order, Bangalore, came to see the place in July 1927 and

and they started a school in January 1928 in the house placed at their disposal by Mr. L.M.G.Vas, Coffee Planter. Until the new buildings are erected in the church compound they will conduct the school in the house of Mr.Vas.

Now the proposed road comes just on the place set apart for the new school - building; and on the plot that will be divided by theproposed new road we could only build the quarters for the nuns who will conduct the school and the boarding house. Now where shall we erect the new school? The new school was opened as stated above to meet the special needs of the people and specially of the South Canara Catholics; some of whom possess number of Coffee Estates and a good number of them are employed in the Estates. The opening of the new school has been hailed by all in Chikmagalur and particularly by the the Catholic Mangaloreans who can very well settle down in the Malnad tracts, given the educational facilitees in Chikmagalur. Already some 85 children are attending it and soon we shall raise it to middle school.

If the Government persevere to consider it necessary to run the road in our compound the only place close to the church where we could locate the school is the special Magistrate's Court, for which we petitioned the Government last year. I request the Government to reconsider the last years petition.

I trust that the Government will respect the religious sentiments of the Community and help them to improve their public instittions.

In conclusion I beg that the road through the church compound may not be constructed.

I beg to remain,

Dear Mr. Ramachandra Rao,

I have your D.O. letter of the 21st instant enclosing the representation made by the Catholic Priest of St. Joseph's Church at Chickmagalur in connection with the road to be taken through their compound. I have discussed the matter with the Dewan. I consider the road very desirable and if this matter is deferred and the Catholic Priest erects the school building in the centre of his plot, the question of opening out the road later on will be frustrated. It is true that on cutting the compound into half there is less facility for the priest to locate the various buildings he wishes to erect. But unless this road is made on the spot there is no other alternative for a direct road to the Hospitals and the Maidan.

I consider that the present Magistrate's Court Building will be very suitable as a School-building for the Catholic community and we may have the site in exchange for the land taken for the road The Catholic Church authorities should of course be able to pay a reasonable amount for the building as they would, at all events, have to incur an expenditure for erecting a building in their own compound, while on our side, we will be able ~~to~~ to, with the amount so obtained, add the necessary accommodation for the Magistrate's by extending the Square in front of the Deputy Commissioner's Office. A reply to this effect may be given to the applicant.

Yours sincerely,

With reference to your letter No.G.14152/Med. 170-26-62 dated 23rd June 1928, about the proposed road to be opened in the compound of the Catholic Church at Chickmagalur, and requesting me to intimate the mission authorities that Government will be prepared to consider the suggestion of handing over the Special Magistrate's Court building (now used for the Munsiff's Court) to them, if they are willing to purchase it, I have the honour to state that the Rev: Texeira had seen me on this subject.

2. He states that he is willing to purchase the said building on behalf of the Mission, and that he is prepared to pay 25 % of the value of the same immediately, and requests Government to grant him time to pay the balance in easy annual instalments.

Sir,

With reference to your letter dated 25th. June '28 and in accordance with my interview with you on the 30th. June on the matter of the purchase of the Special Magistrate Court building for the Convent School, I beg to state as follows.

That the Roman Catholic Community, the Convent School Authorities, and myself are very greatful to Government for its kindness in offering the said building for the Convent School provided it is purchased. The offer comes in as a solace in our great anxiety at a time, when by Government's aquisition of the property used by the Nuns, belonging to Mr. L. M. G. Vas, there arose a fear of the school being thrown out of existance and the Nuns deprived of their tenements. The effort to forthwith construct new buildings was rendered very difficult for want of suitable site, lack of ready building materials, and also the large amount of funds required for the purpose.

Under the above circumstances I beg to state that I am prepared to purchase the said building and pay forthwith 25% of the value and for the balance, I request you to give me the facility of paying by easy annual installments. Further I beg to submit that as the Government has notified to hand-over the school premises, the orders to shift the school to the Court building may be immediately passed.

I also beg to state that a committee is formed of the following respectable gentlemen of the Roman Catholic Community of the station along with me to be responsible for paying the installments and attending to other necessary matters. viz. Rev. Fr. Texeira, Messrs. A. Mathias, C. D'Souza, J. A. Mathias, and L. M. G. Vas.

Trusting that my humble prayer will be granted, for which act of kindness the Roman Catholic Community, the School Authorities, and my-self will be ever thankful.

Letter No.735 dated the 14th November 1928, from the Superintending Engineer, Shimoga Circle, to the Chief Engineer of Mysore, Bangalore.

Regarding the valuation of the Special Magistrate's Court at Chickmagalur, Kadur District.

In continuation of this office No.593 dated 19-10-1928, I have the honour to return herewith the plan received with your No.B.902 dated the 28th July 1928 and to state as follows:-

The booked outlay according to the building register is Rs.13,426. To this the cost of the site measuring (88 x 64) 5632 square yards at the present prevailing rate of 12 annas per Sq.Yard, i.e., Rs.4,224 will have to be added. So the total cost of the building including site value minus depreciation charges (10%) would be (13426 - 1342 plus 4224) = Rs.16,307 or say, in round figures, Rs.16,000/-.

If a new building is built it will be more costly. Also it is situated in a very good locality. It does not therefore seem desirable to hand it over to the Mission authorities. But a portion of the compound of the building marked A.B.C.D. on the plan may be given to the Mission authorities in exchange for the land to be given by them for opening a road along X Y Z.

Letter dated 18th December 1928 from Rev. W. M. Taxiera, Catholic Priest, Chickmagalur, to the Deputy Commissioner, Kadur District, Chickmagalur.

On the 7th December, you told me that the Government's valuation of the present Munsiff's Court building and the land surrounding it was Rs. 16,000/- and you asked me if I was prepared to pay that amount and secure that building and land.

As you are fully aware I asked the Government to give the court-building for a public purpose i.e., to locate the Convent School which is at present conducted in the buildings of Mr. L.M.G. Vas and which have been now acquired by the Government for the hospital purposes.

Some time in March of the current year, when you visited the Church compound along with the Consulting Architect and the Executive Engineer to consider the question of a road through the Church compound, I mentioned that, if the Church Compound were divided I would find it hard to get a suitable place close to the Church to locate the Convent-School. I was then given the hope that the Government would give the Court-building and its compound for a reduced price, as the building was meant for educational purposes.

Later i.e., on the 30th of June 1928, you told me that the Government would grant the Court-building provided I paid the actual cost of the building Viz., Rs. 13,426/-. I accepted that offer and requested the Government to give me the facility of paying the amount by easy instalment system.

On September 8, 1928, when the consulting Architect, the Executive Engineer and yourself discussed again the road question, I was assured that I would get the building and all the land to the West of the proposed road provided I was prepared to pay the cost of the building.

Now the Government requires that I should pay for the land also; I regret to state that I cannot pay more than Rs. 13,426/- previously agreed to. If the question cannot be settled on these terms, I request

Sir,

With reference to the correspondence ending with your letter No. A.7-305-27 dated the 20th December 1928 about the acquisition of lands for opening a road in the compound of the Catholic Church at Chickmagalur and the sale of the Special Magistrate's Court to the Mission authorities, I am directed to state that the special Magistrate's court building may be sold to the Mission authorities for Rs.15,000/- as suggested by you, subject to the condition that 25 per cent of the sale price shall be paid immediately and the balance in five equal annual instalments of Rs. 2,450/-, each, free of interest. The transfer of the property shall not be complete unless the whole amount is paid up.

I am to request you to be so good as to obtain a ~~bond~~ instalment document from the gentlemen mentioned in Rev. Taxeira's letter dated 3rd July 1928 agreeing to the above terms and report the fact to Government.

Re:- The location of the Special Magistrate's Court at Chikmagalur in the District Office building.

With reference to your letter No. J.3914(1)/Cts. dated 19th January 1928, forwarding copy of Government Order No. G.7117-28/Jud. 170-26-38 dated 22/23rd December 1927, in the matter of the location of the Special Magistrate's Court in the District Office building as directed in para 7 of the above order, I have the honor to state that the north wing of the District Office building is occupied by the Revenue Sunishi branch and the Poliee office, and the south by the District Treasury and the Economic Superintendent. The main building proper is fully taken up by the District Board Office, Income-Tax, Registration and Excise Departments and the accounts, Records and Current sections of my office on the ground floor. The Judicial section is accomadated in a side room on the first floor which is very inconvenient for the staff particularly during the monsoon and hot weather.

The accomodation in the office building is thus very limited and the office of the Economic Superintendent and the Income-Tax sections are all huddled up in small rooms at very great inconvenience for want of sufficient accomodation. It was for this reason that the proposal to shift the Munsiff's Court to this building had

Adverting to your letter No.L.4844 (1)/cts. dated 22nd February 1928 in the matter of shifting of the Special Magistrate's Court at Chickmagalur to the District Office Building and calling for my opinion thereon, I have the honor to submit herewith for the information of Government a copy of Shimoga Conservator's letter No.A1-66-727-27 dated 4th April 1928 and to state that the Ranger's Building is thoroughly unsuited for dwelling. It on account of this the Government sanctioned the construction of new quarters to District Forest Officer, Chikmagalur. For want of a satisfactory room and site for the office, a new building should be constructed. Under the circumstances, it is very necessary that the District Forest Office should be accommodated in a suitable building. My dear Bishop,

In reply to your Lordship's letter of May 16, suggesting that the projected opening of a direct road through the St. Joseph's Church compound ~~in~~ to the New General Hospital at Chikmagalur may not, for the reasons set forth by you, be proceeded with, I have had inquiries made into the matter and learn that the construction of this road is desirable from more than one point of view. I have asked Mr. G.H. Krumbiegel, our Consulting Architect, to meet you and explain the position to you and also to ascertain your further views on the matter.

Dear Mr. Ramachendra Rao,

Please refer to your D.O. letter No. 4576 of the 11th instant regarding the letter of the Catholic Priest at Chickmagalur I have discussed the matter with the Dewan and the result of the discussion is embodied in my D.O. letter No. 237 dated the 28th ultimo, a copy of which is, however, enclosed for ready reference. Since then it appears the Bishop has written to the Dewan and I shall take an early opportunity to discuss the question with the former and address you in the matter.

D.O. letter No.237 dated 25/28th May 1928 from the the Consulting Architect to Government of Mysore, Bangalore, to the Private Secretary to the Dewan of Mysore, Bangalore.

I have your D.O.letter of the 21 st instant enclosing the representation made by the Catholic Priest of St. Joseph's Church at Chickmagalur in connection with the road to be taken through their compound. I have discussed the matter with the Dewan. I consider the road very desirable and if this matter is deferred and the Catholic Priest erects the school building in the centre of his ~~spot~~plot, the question of opening the road later on will be frustrated. It is true that on cutting the compound into half there is less facility for the Priest to locate the various buildings he wishes to ~~build~~ erect. But unless this road is made on the plot there is no other alternative for a direct road to the Institute and the Maidan.

I consider the present Magistrate Court Building will be very suitable as a School Building for the Catholic Community and we may have the site in exchange for the land taken for the road. The Catholic Church Authorities should of course be able to pay a reasonable amount for the building as they would at all events, have to incur an expenditure for erecting a building in their own compound, while on our side we will be able with the amount so obtained to add the necessary accommodation for the Magistrate's by extending the Courts in front of the Deputy Commissioner's Office. A reply to this effect may be given to the applicant.

To

The Dewan Sahib,

Sir,

The General Secretary to the Government of Mysore in his communication dated 8-5-1928 to the Deputy Commissioner, Kadur District, says that the road through the Church compound is absolutely necessary, and that it does not prejudicially affect the interests of the Christian Community, and that it will be fenced on both sides with walls to ensure privacy and quietness.

I beg to point out that the proposed road does very prejudicially affect the interests of the Catholic Community in so far as it deprives us of valuable ground set apart to construct the school-building. As pointed out in my letter of 29th March 1928, I could only construct the nuns' quarters and the boarding house on the plot that will be cut off from the main compound and I shall be at a loss to find another place to erect the school-building. For this reason I have asked the Government to give us the Special Magistrate's Court for our school in compensation for the ground that will be taken from us to construct the road. It is known now, that the said building is to be converted into the Munsiff's Court This action on the part of the Government is certainly exceedingly prejudicial to the interests of the Catholic Community. The new school that was opened by the nuns of St.Joseph last January has already on its rolls one hundred children and the Government by its present Order seems to frustrate the educational prospects of the said Community. Moreover, by acquiring the house of Mr.L.M.G.Vas, now occupied by the nuns for the New General Hospital, the Government deprives them of even a shelter and forcibly compels us to close down an institution which

which is absolutely essential to the particular interests of the growing Mangalorian and Catholic Community. Now the establishment of this institution was already definitely settled by us last July and therefore long before the Government thought of acquiring that house for its hospital purpose.

The road through the Church compound is absolutely un-necessary as there are sufficient openings to the New General Hospital whose frontage will be facing the Town Hall. The Government in one of its communications to the Deputy Commissioner of Kadur mentioned that the road through the Church compound was necessary for the safety of women and children, as they could not safely pass through the busy thoroughfares to the New Hospital. If the Government thinks it not unsafe for women and children to approach the Maternity Hospital which is being located in the busiest part of the town, a fortiori, they could safely go to the New Hospital without any inconvenience whatsoever . Hence the road through the Church compound is absolutely un-necessary.

If inspite of these reasons the Government decides to open the road through the Church compound I request the Government to give us the Special Magistrate's Court building in compensation, wherein we could locate the school. Otherwise the Government will deprive the nuns of every shelter and at the same time paralyse the particular educational interests of the Catholic Community and thereby cause it a serious religious grievance.

I request therefore that the Government will sympathetically reconsider this our petition.

I beg to remain,
S I R ,
Your most obedient Servant.

W. M. Texeira.

Dear Mr. Ramachandra Rao,

With reference to your D.O. letter No. 4577 dated 11th June 1928 about the projected opening of a road through the Church Compound in Chickmagalur, I write to state that Government have passed final orders in the matter as is seen from the letter of the General Secretary dated 8-5-1928 to me, copy of which is herewith attached. In accordance with the instructions contained therein the Municipal President has been requested to immediately submit the acquisition records for notification in the Gazette under the provisions of the Land Acquisition Regulation. The Government Order has also been communicated to the Executive Engineer for necessary action.

2. As for the Special Magistrate's Court building asked for by the Rev. W.M. Taxeira in compensation for the plot to be acquired for the road, Government have also directed in their Order No.G. 12527-36/Med. 170-26-56 dated 8th May 1928 that the Munsiff's Court should be held in that building and a copy of this order is also enclosed. Accordingly the Munsiff's Court has already been shifted to this building and is now being held therein. The Special Magistrate's Court has also been shifted to the District Office and owing to the cramped accommodation therein, I have asked the District Superintendent of Police whose rooms have now been occupied by tho Special Magistrate to shift temporarily to the Mysore Bank building which is now vacant ~~and which~~ (having been acquired) and which I understand will not be demolished for sometime to come. As soon as the proposed District Board building is ready the rooms taken up by the District Board Office at present will become available and the --

W.M.Taxeira, Catholic Priest, St. Josephs Church, Chickmagalur, regarding the road proposed to be opened in the compound of the Catholic Church in connection with the New General Hospital, I am directed to state that the opening of the road is found, after very careful consideration, to be absolutely necessary and will not prejudicially affect the interests of the Christian community. Further, the road will be fenced by walls on either side and it will not be open to traffic thus ensuring privacy and quietness. In these circumstances, I am to ask you to take immediate steps for giving effect to the decision of Government.
